

Dacia Sandero

Modern

At the front, the expressive headlamps contribute to the seductive and dynamic appeal of the car. The fog lamps (depending on version) perfectly match the bumper and the big sporty grille. Energy and robustness blend harmoniously and give Dacia Sandero its sporty looks. The “upturned wave” of the lateral lines reinforces the robust image of the new model.

Robust

Dacia Sandero’s design was guided to rise to the level of robustness and reliability that has forged the brand’s reputation. The 1.4 and 1.6l petrol engines guarantee low running costs that allowed for the 3-year or 100,000-km guarantee. When it comes to safety, the newcomer Dacia Sandero benefits from the acclaimed expertise of the Renault Group in this field. Dacia Sandero features active and passive safety systems that guarantee an efficient protection of all the passengers in the car.

Generous

Dacia Sandero offers generous cabin space. The rear seats can easily accommodate three adults. The air conditioning systems ensures the comfort of all the passengers on board Dacia Sandero.
